Ansik Aryan Samal

AI Engineer Intern & Full-stack Developer
aryanansik@gmail.com · Hyderabad, Telangana, India

PROFILE

I build AI tools and full-stack applications with Python, JavaScript and SQL. My work spans a client stock screener, job authenticity checks and secure financial APIs. I'm an AI Engineer Intern at Clyptus Software Solutions in Hyderabad, pursuing Data Science and Artificial Intelligence with IIT Roorkee and Masai School.

SELECTED WORK

Stock Screener SaaS. A client product taken from requirements to a custom-domain launch.

Text-to-SQL Analytics Copilot. Plain-English data questions with query safety guardrails.

Job and Company Verification. Job-link checks using company reviews, online presence and posting warning signs.

Finance Data Processing Backend. REST APIs for users, transactions and financial reporting.

Secure Notes Sharing (In progress). Notes shared through restricted links with user-defined expiry.

Secure Image Messaging. Text messages encoded into images and decoded by the receiver.

Stock Price Prediction. Price-trend estimation from historical and real-time market data.

PROJECT OUTCOMES

Résumé-reported: 5,300+ stocks and about 10,000 views in 3 to 4 months for the Stock Screener; 95% unseen-data accuracy for the job authenticity tool. Supporting evidence: Upload needed.

CORE SKILLS

Python, JavaScript, TypeScript, SQL, React.js, Node.js, Express.js, Flask, FastAPI, PostgreSQL, MongoDB, Scikit-learn, RAG, prompt engineering.

EDUCATION

B.Tech, Computer Science and Engineering, Institute of Aeronautical Engineering (JNTUH), Dundigal, Hyderabad. 2021 to 2025. CGPA: 7.83/10.

Data Science and Artificial Intelligence, IIT Roorkee and Masai School. Ongoing, 2026.
